

Print files recommendations

-  **01** 3 mm bleeds in each side
-  **02** black text and small black vector elements in 1 black paint
-  **03** text, preferably, converted into curves
-  **04** color model of all elements - CMYK
-  **05** resolution of all raster images 300 dpi
-  **06** send the print file as a page by page pdf
-  **07** do not embed profile in print files
-  **08** the version of the acrobat should be as low as possible.
